SCHOEN AND ASSOCIATES, INC.

Home Products About Contacts

Schoen and Associates

We've tried to give our Web site some features that make it different from those of other office product reps – just as our company is different from other firms in the industry – more aggressive, more creative, more state-of-the art.

What makes us different? First of all, we are diverse. Although we are defined by our roots in the office products industry, we also sell computer accessories, business machines and contract furniture. We cover over 4500 accounts, not just the traditional office distributors and catalog houses, but also superstores, computer resellers, .

In addition, we are dispersed. We cover the midwest and Rocky Mountain

What's New

Watch this space for a variety of what's new items -- new people and services at Schoen and Associates, new products and new lines for our

Our Chicago

Chicago is not only home to Schoen and Associates, it's the world capital of the office products and contract furniture industries.

In addition, we are

all ("OPRA" districts 5,6,11 and 12). Our main office is in Chicago, a few minutes away from O'Hare Airport, but we have ten people in the field, with staffed offices in Cleveland, Detroit, Indianapolis, Kansas City, Minneapolis and Denver, and backed by an internal staff that handles customer service and operations.

Someday,
neither
of
them
will
have to
forget.

Alzheimer's disease (AD) can cause:

- Loss of short-term memory
- Difficulty performing complex tasks
- Inability to recognize people & things
- Lack of awareness of one's own body & self
- Inability to speak or understand words & sentences

**Make a difference by volunteering for a
ALZHEIMER'S DISEASE RESEARCH STUDY**

Research sites across the country are seeking volunteers with AD, and their caregivers, to participate in a clinical research study. This study will evaluate the safety and effectiveness of an investigational medication for the treatment of mild to moderate AD.

To qualify volunteers should:

- be between the ages of 50 & 90
- be diagnosed with probable AD
- have a knowledgeable and reliable caregiver to accompany them to all study visits.

Participation involves six visits to a local physician's office over a period of up to 27 weeks.

Qualified participants will receive study-related medical care, including study-related examinations, assessments, lab tests, and electrocardiograms, as well as investigational study medication at no cost.

For more information or to locate the participating physician nearest you, contact:

800-215-5459

CAMPUS CRISIS SIMULATION

IMPROVING CAMPUS-WIDE
RESPONSE TO AN EMERGENCY

JOIN US IN LOS ANGELES, CA
FEBRUARY 25 - 27, 2009

For a variety of free resources including
whitepapers and expert interviews,
please visit the simulation website:

www.academicimpressions.com/crisis

Is your campus prepared?

YOU WILL LEARN HOW TO:

Implement effective
communications responses
with internal and external
stakeholders at various
stages of a crisis situation

Make decisions about event
cancellation, residence hall
closures, and other campus
service shut-downs or
restrictions

Choose appropriate
messaging systems
to efficiently distribute
important information to
targeted stakeholders

Modify your existing
emergency management
plans

Register at www.academicimpressions.com/crisis
